PALOS

Fund Description

The Palos-CTI Acrobat Enhanced Fund (the "Fund") is an open-ended trust established on March 19, 2025. The Fund's objective is to provide investors with long-term capital growth by investing in a strategically managed portfolio of high-quality Canadian and U.S. publicly traded large and mid-capitalization companies.

The Fund is actively managed and focuses on companies that demonstrate strong fundamentals and long-term growth potential. Fund's Portfolio Manager is building the portfolio using a bottom-up stock selection approach, adding individual securities to the portfolio based on their intrinsic value. Rebalancing is conducted quarterly to maintain alignment with the Fund's objectives and to respond to changes in market dynamics. The Fund's Portfolio Manager employs a risk-adjusted framework, using its fundamental research to dynamically adjust cash holdings and use leverage when market conditions warrant it.

****Note Regarding Investment Operations:** The Fund's inception date is May 1, 2025; however, full deployment of capital was not effected until May 17 due to operational and administrative processes associated with the initial subscription and portfolio setup. As a result, the Fund experienced "cash-drag", as it maintained a higher-than-normal cash position for most of the month.
